PU ABS - V2

This material is a vacuum casting polyurethane resin and it has good shock resistance and flexibility.

MECHANICAL PROPERTIES

Colour	Beige/Black/Milky white
Hardness	81 Shore D
Tensile Strength	54 MPa
Flexural Modulus	1900 MPa
Flexural Strength	87 MPa
Elongation	15%
Izod Impact Testing	13 kJ/m²
Shrinkage	0.3%

APPLICATION

Bumper guards Ergonomic grips Flexible fixtures

Table provided are general and may vary APG91 TH
